We are BOXLAB Services

BOXLAB Services optimizes label and packaging processes in the areas of procurement, storage and handling and disposal – especially in highly regulated industries. We provide individual services to reduce waste, cost and complexity for our customers.

Do you like to lend a hand and contribute your ideas at any time? Then you've come to the right place!

These are your tasks

- ▲ You dive deeply into our processes and develop business processes together with us
- ▲ You support our sales representative with related database information, research topics and preparation of correspondence
- ▲ You develop our IT landscape in terms of software and hardware further
- ▲ You support us in all daily tasks, e.g., printing labels or shipping of our products

What you bring along

- ▲ You are an enrolled student in business administration, computer science or related sciences and already have gained experiences in other commercial companies
- ▲ You like IT-related topics and trust yourself about overviewing all our company's IT processes and to optimize them
- ▲ You are a reliable person and you get things conscientiously done
- ▲ You communicate very well in German or English and you are comfortable with teamwork

What BOXLAB Services offers you

- ▲ It's the mix that makes it: At BOXLAB Services, everyone works fully down-to-earth on the one hand and strategic on the other, so we guarantee that you won't ever be bored with us.
- ▲ Your opinion is not only desired, but also urgently needed, we want grow with you
- ▲ A competitive salary, 30 days of vacation, flexible working and free drinks are self-evident for us.

Plus points, not must-haves

- ▲ You have experiences in the field of logistics, packaging, labeling or print/media technology
- ▲ You have already worked in customer service

It doesn't matter that you complete all the points to 100%.

We are looking for the right people!
